- The source for all information in this report is Employment and Social Development Canada (ESDC)'s Foreign Worker System (FWS).
 - The table shows the number of Temporary Foreign Worker (TFW) positions on requested Labour Market Impact Assessments for the Caregivers Program (CP) by year, month, National Occupation Classification 2006 (NOC) 4-digit and program group from December 1, 2014 to March 31, 2015, based on the date the applications were received.
 - The data provided in this report tracks Temporary Foreign Worker (TFW) positions applied for, refused or approved. Not all positions approved result in a work permit. For information on the number of work permits issued, please consult Citizenship and Immigration Facts and Figures at <http://www.cic.gc.ca/english/resources/statistics/menu-fact.asp>
 - Under the Live-in Caregiver Program (LCP), only one foreign worker may be requested on each Labour Market Impact Assessment (LMIA) application. The LCP has been phased out and replaced with the new Caregiver Program (CP) as of November 31, 2014.
 - One LMIA application may be submitted by an employer for any number of TFW positions for a particular occupation (e.g. Welder), but an employer must submit a separate application for each occupation.
 - The information appearing in this table may slightly differ from those reported in previous ESDC releases. These differences are adjustments to administrative data files as normally occur over time and reflect refinement in methods of calculation for the purpose of increasing accuracy in the way the information is presented.
